IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

The Commission has reviewed carefully the PHLX's proposed rule change and believes, for the reasons set forth below, the proposal is consistent with Section 6 of the Act⁷ and the rules and regulations thereunder. Specifically, the Commission believes the proposal is consistent with Section 6(b)(3),⁸ in that it is designed to promote the opportunity to assure a fair representation of PHLX members in the selection of directors and the administration of affairs. The PHLX's recent corporate governance initiatives include increasing the number and proportion of non-industry and public governors, and restructuring key committees. Increasing diversity on the Nominating Committee permits the PHLX to move forward with this process and to provide more balance on the Committee. The Commission also finds that the proposal is consistent with Section 6(b)(5)⁹ in that it is designed to promote just and equitable principles of trade, prevent fraudulent and manipulative acts and practices, to foster cooperation and coordination

with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and national market system, as well as to protect investors and the public interest.¹⁰ Specifically, permitting the appointment of public and non-member governors for the Nominating Committee is appropriate in light of the serious regulatory responsibilities and quasi-public nature of a self-regulatory organization. In light of these responsibilities, it is important that constituencies other than members participate in the Nominating Committee. Reducing the minimum number of members of the Nominating Committee may make it more efficient and less unwieldy. The effectiveness of a more streamlined Committee will be especially important in implementing the necessary PHLX corporate governance changes.

The Commission finds good cause for approving the proposed rule change prior to the thirtieth day after the date of publication thereof in the **Federal Register**. The PHLX is presently in the process of reorganizing its corporate governance structure to better reflect its self-regulatory and public responsibilities. This By-Law change is instrumental to the process. Furthermore, the PHLX has presented the proposal to its membership, the most likely commenters on the proposed rule change. The Commission understands that the PHLX did not receive any objections concerning the proposal. The Commission believes, therefore, that granting accelerated approval of the proposed rule change is appropriate and consistent with Section 6 of the Act.¹¹

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹² that the proposed rule change (SR-Phlx-97-17) is hereby approved on an accelerated basis.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.¹³
